MR. MIGOYA ... *DO NO HARM !*

Dear Mr. Migoya:

One of the most sacred values in medicine is to protect patients and never cause them harm. We, the caregivers at Jackson Health System, are concerned that as our CEO you may not understand this creed. Your mishandling of the furlough issue has put an incredible strain on us and has affected service here at Jackson. Our patients deserve better!

Mr. Migoya, please do not undermine the incredible work we do here everyday!

Sincerely,
