ARTICLE V - NOTIFICATION, CONSULTATIONS AND NEGOTIATIONS

Section 1. Prevailing Benefits Clause

Any benefits recognized by the Employer and heretofore enjoyed by the employee, which are not specifically provided for or abridged by this Agreement, shall continue under conditions upon which they have previously been granted.

Section 2. Notification, Consultations and Negotiations

The Employer shall notify the Union in writing of any proposed changes in personnel policies or practices, which affect the conditions under which nurses work. Whenever possible, such written notification shall be provided the Union at least four (4) weeks in advance of the proposed implementation of the changes. If requested by the Union within ten (10) days of its receipt of such notification, the Employer will meet with the Union to discuss the proposed changes and to negotiate in good faith over the impact of such changes on unit employees.

Examples of changes which entitle the Union to such notification include but are not limited to the following: The PHT or the County merging with or acquiring other hospitals or agencies; changes in job descriptions, specifications, qualifications or evaluation system; new or changed job classifications; changes in the Employer's policies and procedures, work or disciplinary rules; changes in shift starting and quitting times; plans for opening or acquiring new units or reassignment of nursing personnel; and such committee recommendations as the Employer wishes to implement even where the Union was represented on the committee making the initial recommendations.

Nothing in this article shall diminish the right of the Employer to take action described under Article XXV, Management Rights and Scope of this Agreement.

ARTICLE VI - UNION REPRESENTATION

Section 1. Union Representatives

The Union has the right to select its representatives to carry out the activities permitted by this Agreement, and will furnish the Employer with a list of elected officials and unit representatives for designated purposes within thirty (30) days after the execution of this Agreement. The Union will keep such lists current.

Section 2. Grievance Representation

The Employer recognizes the right of the Union to appoint not more than thirty-nine (39) representatives at JMH and satellite facilities for the purpose of assisting employees in the adjustment of grievances under the terms of this Agreement. In the event of an expansion of the bargaining unit above the number of employees in the unit at the execution of this Agreement, the Employer agrees that the Union shall be allowed to appoint one (1) additional representative for each sixty (60) additional bargaining unit employees.

Section 3. Released Time

A. With prior approval from the employee's supervisor, time off with pay shall be allowed to the Union representatives assigned to regular shifts to allow for participation

in activities described in Articles IV, V, VI, VII, VIII, IX, XXII, XXIII and XXIV of this Agreement. Approval will not be unreasonably withheld.

- B. No nurse shall be paid for such time unless regularly scheduled to work at a time when such activities are going on; nor shall schedules be changed to allow paid time for such activities. In unusual circumstances, request for schedule changes may be submitted by Unit representatives for approval by their supervisor or schedule changes may be made by the Employer. However, in order to encourage participation of night-shift nurses in the activities detailed in Section A, night-shift nurses who spend two (2) hours or more in any day attending such activities shall be given a maximum of two (2) hours off their regular shift with pay.
- C. Up to twenty (20) bargaining unit members will be allowed time off with pay for contract negotiations. Up to an additional seven (7) bargaining unit members will be allowed time off without pay for contract negotiations. Approval will not be unreasonably withheld. The Union will make every effort to elect employees from various hospital centers.

Section 4. Adjustment of Grievance

It is agreed and understood by both parties that unit representatives designated by the Union may, without loss of pay, process grievances during working hours. An employee representative, before leaving the work area to transact appropriate Union-Employer business during working hours, shall first obtain permission from the appropriate supervisor. When it is necessary to contact a nurse in another area, the representative will contact the appropriate supervisor to arrange an appointment with the concerned nurse(s). Permission will be granted by either supervisor as a matter of discretion but shall not be unreasonably withheld. The parties recognize that time spent in such activities shall not interfere with patient needs and, if necessary, shall be conducted on the employees' own time.

Every effort will be made by the Employer to allow unit representatives to investigate grievances as rapidly as possible, preferably on the same date as the grievance becomes known, and when possible at least within twenty-four (24) hours.

ARTICLE VII - GRIEVANCE PROCEDURE

Section 1. Resolution of Grievances

In a mutual effort to provide harmonious working relationships between the parties to this Agreement, it is agreed to and understood by both parties that the following shall be the sole procedure for the resolution of grievances arising between the parties as to the interpretation or application of the provisions of this Agreement.

It is agreed that every effort will be made by the Union and the Employer to resolve disagreements or disputes informally and promptly prior to the initiation of the formal grievance procedure. An employee may be assisted or represented by a representative of the Union during the grievance procedure. Unless the employee requests Union representation, nothing in this section shall prevent the Employer from discussing any incident or circumstance related to any employee without the presence of a Union representative. However, the Employer agrees not to deny representation if it is requested.

Section 2. Definition

A grievance shall be defined as any dispute arising from the interpretation or application of this Agreement, or arising from conditions of employment. A class grievance shall be defined as any dispute which concerns two (2) or more employees within the bargaining unit. Class grievances should name all employees and/or classifications

covered in the grievance. Each written grievance, when filed, shall contain a brief statement of the facts of the violation claimed, together with the article of the contract violated and the remedy sought. All grievances shall be processed in accordance with the grievance procedure as set forth in this article.

Section 3. Procedure

The employee or Union shall file a grievance, in writing, with the Director Employee/Labor Relations and Workforce Compliance Department, or designee, within ten (10) calendar days of the occurrence or knowledge giving rise to the grievance. This person, or designee, shall meet with the grievant and the Union Representative within ten (10) calendar days after receipt of the written grievance and shall reply in writing within ten (10) calendar days after the grievance hearing.

Whenever possible, appropriate and unique to one division, the Union will attempt to discuss Union grievances, except those concerning disciplinary action, health and safety or Union rights, with the Division Director or designee before submitting the grievance directly to the Director of Employee/Labor Relations and Workforce Compliance Department.

Section 4. Class Grievances

In order to minimize the disruption to patient care in the case of class grievances, no more than two (2) employees per shift, per unit, plus a Union representative, shall be released from work for grievance meetings.

Section 5. Time Limits

Failure to observe the time limits for submission of any grievance at any step will automatically result in the grievance being considered abandoned. Failure to meet or to respond to a grievance within the prescribed time limit will automatically move the grievance to the arbitral step.

Extensions of time limits shall only be by mutual agreement in writing between the parties to this Agreement, except that either party shall be permitted one (1) extension of time per grievance as a matter of right not to exceed fifteen (15) days, providing that the other party is notified in writing of the extension prior to the expiration of the original period.

Section 6. Employee Obligation

The parties acknowledge that as a principle of Interpretation, employees are obligated to work as directed while grievances are pending, except as set forth in Article XXIII, Safety and Health, of this Agreement.

Section 7. Employer Responses

All responses required, above, shall be directed to the aggrieved employee with a copy furnished to the Union, or to the Union. In class grievances, copies will be directed to the Union only. A rejection of a grievance must contain a statement of the reasons for the rejection.

Section 8. Exclusions

Any subjects excluded from the arbitration procedure (Article VIII) shall also be excluded from the grievance procedure with the sole exception of written reprimands, which shall be grievable but not arbitrable as provided under Article IX, Disciplinary Action, Section 3, Written Reprimands and Records of Counseling. A Record of Counseling is non-disciplinary and therefore not grievable or arbitrable.

ARTICLE VIII - ARBITRATION

If the Union is not satisfied with the reply to the grievance, the Union shall have ten (10) calendar days after receipt thereof to notify the Employer of Intent to submit the grievance to arbitration. Within thirty (30) days following notification to the Employer, the Union must file a request for arbitration. The Union must simultaneously provide the Employee/Labor Relations Department with a copy of the request for arbitration and the applicable grievance. If the parties cannot agree upon an impartial arbitrator within five (5) days, the parties shall request a list of seven (7) arbitrators from FMCS or AAA. The parties shall each strike from said list, alternately, three (3) names, after determining the first strike by lot, and the remaining name shall be the arbitrator. The arbitrator shall promptly conduct the hearing on the grievance at which both parties shall be permitted to present their evidence and arguments. The decision of the arbitrator shall be rendered in writing no later than thirty (30) days after the conclusion of the hearing, and such decision shall be final and binding.

Each party will pay its own expenses and will share equally in expenses incurred mutually in arbitration including the cost of the transcript, if mutually requested. Employees required to testify will be made available without loss of pay; however, whenever possible, they shall be placed on call to minimize time lost from work and, unless directly required to assist the principal Union Representative in the presentation of the case, they shall return to work upon completion of their testimony. The intent of the parties is to minimize time lost from work and disruption of patient care.

The arbitrator shall limit his/her opinion to the interpretation or application of this Agreement and shall have no power to amend, modify, nullify, ignore or add to the provisions of this Agreement.

Grievances, as defined, may be submitted regarding the matters contained in the Agreement or arising from conditions of employment.

Reprimands and determinations under Article XV (Employment Practices), Section 4 (Classification Appeal), and Section 15, B, C, D (Job Specification Language) are not arbitrable.

ARTICLE IX - CORRECTIVE ACTION

Section 1. Just Cause

An Employee shall not be discharged, disciplined or demoted except for just cause. The Employer will follow progressive disciplinary procedures, whenever appropriate, and in all instances will have the burden of proving just cause for disciplinary action taken.

Section 2. Procedure

- A. The corrective action process will begin when the Employer gives the Employee and the Union a Corrective Action Report (CAR) or Record of Counseling (ROC). The Union copy of the CAR/ROC will be sent electronically to the Union President/designee and the Union Membership Data Coordinator, and shall include the name and contact information of the affected employee and management person designated to hear the rebuttal.
- B. The CAR/ROC shall specify the charges against the Employee, and include the law, rule, regulation, and/or policy allegedly violated. In addition to the CAR or ROC, all supporting documentation (statements, records, etc.) will be attached. The Employer agrees to inform the Employee of his/her right to representation in the corrective action process. Upon request, the employee shall have the right to representation in discussions concerning actual or pending corrective action.

- C. Final Decisions and Rebuttals: Final corrective action determinations will not be rendered until the completion of the rebuttal meetings where the Employer and the Employee, together with the Representative, through use of evidence, documents and witnesses, have the opportunity to present their respective cases. Within ten (10) calendar days after receipt of the CAR/ROC, the Union representative assigned to the matter shall contact the management person designated in connection with the CAR/ROC to notify them of the Union's and Employee's readiness to schedule the rebuttal hearing. The Employer will then send the Union three (3) possible dates for the rebuttal hearing that correspond to the Employee's schedule over the ensuing ten (10) calendar days. Rebuttal meetings must be heard within ten (10) calendar days of the Union notifying the Employer of their readiness, unless mutually agreed between the parties. A decision will be rendered without a rebuttal hearing if the Employee fails to schedule the rebuttal within the ten (10) day period, or if the Employee waives the right to a rebuttal. The Employer shall have ten (10) calendar days to render a decision following the rebuttal presentation unless time is extended by mutual agreement. The Union and employee shall receive a copy of the rebuttal response.
- D. The Employer agrees that corrective actions (dismissals, suspensions, demotions) except written reprimands and records of counseling, will be appealable by the employee to a hearing examiner as provided in the Miami-Dade County Code and the Personnel Rules of the PHT or, at the option of the Union and the employee, to the Grievance and Arbitration procedures provided in Articles VII and VIII of this Agreement. The employee shall be notified in writing of both appeal procedures by name and contract article.
- E. CARs and ROCs shall be given on a timely basis and insofar as practicable within twenty-one (21) days after the Employer discovers the facts or concludes the investigation requiring the presentation, except where good cause for delay is shown. Good cause shall include, but not be limited to, the pendency of outside criminal, administrative or other proceedings, or if the Employee, manager, supervisor, or the director rendering a decision is on leave. There will be no notification to the employee prior to the initiation of the corrective action process (e.g., 48-hour notification).
- F. Any disciplinary action currently in an employee's file which is overturned shall be stamped invalid.
- G. An employee will be offered the option of using accrued personal leave during a suspension.

Section 3. Written Reprimands and Records of Counseling

Written Reprimands shall be appealable by the employee to the grievance procedure, but shall not be further appealable to either an Arbitrator or to a County Hearing Examiner Officer. Within thirty (30) days of the receipt of the Employer's reply to such a grievance at any step of the grievance procedure, the employee and/or the Union shall have the right to file a written response to the Written Reprimand and have said response inserted in the employee's personnel folder.

Written Reprimands and Records of Counseling, together with any reference to such reprimands or Records of Counseling excluding performance evaluations, shall cease to be of any force or effect after a two (2) year period from receipt of the Record of Counseling or Written Reprimand in which the employee has received no further disciplinary actions or Records of Counseling. At the employee's specific written request, these shall be promptly stamped in the employee's personnel file as no longer in effect.

Section 4. Hearing Pursuant to the Hearing Examiner System

- A. The employee subjected to the corrective action process shall be informed in writing of the charges. The employee or the employee's representative shall have the right to confront and question all witnesses under oath. The right of discovery and procedural rights in accordance with the Florida Rules of Civil Procedure shall be provided to the employee.
- B. All corrective actions including demotions, suspensions, and dismissals of permanent employees, but excluding written reprimands and records of counseling, shall be appealable to a hearing examiner, in accordance with the applicable section(s) of the Miami-Dade County Code (Section 2-47). This section shall not apply to the termination of a nonpermanent or probationary employee or to the demotion of permanent employees who fail to complete the promotional probationary period to the satisfaction of the department for other than disciplinary reasons.
- C. The decision of a hearing examiner shall include a finding of facts, conclusions to sustain the decision and may include recommendations, a copy of which shall be immediately provided to the employee and to the Union.
- D. The above referenced Code provisions providing for a disciplinary appeal process are to be read to include the following procedural guarantees:
 - 1. The Employer shall continue to abide by the previously agreed to and published Hearing Examiner Procedure Manual.
 - 2. The PHT Labor Relations Manager shall be responsible for initiating the selection of the hearing examiner on each appeal and setting the date, time and place for the hearing upon consultation with the parties involved. There shall be no ex parte communication between the participants of the hearing and the examiner.
 - 3. The parties to the hearing shall not initiate ex parte communications with the President of the PHT for the purpose of influencing the final appeal decision. This decision shall be based solely on the hearing record.

Section 5. Grievance Procedure

- A. The Union will have the option on behalf of a permanent status bargaining unit employee, to appeal disciplinary actions resulting in dismissals, suspensions or demotions of permanent employees through the grievance and arbitration procedure contained in Article VII and VIII of this Agreement. The Union shall notify the Office of Labor Relations in writing no later than ten (10) calendar days from the employee's receipt of the final corrective action determination of its decision on whether to exercise the option of appealing through the grievance and arbitration procedure or request an appeal in accordance with Section 2-47 of the Code of Miami-Dade County. The Union's choice between the grievance and arbitration procedure or the Code provision under Section 2-47, once made, shall not be subject to change.
- B. In the case where the Union chooses not to select the grievance and arbitration procedure for disciplinary actions resulting in dismissals, suspensions or demotions of permanent employees then the disciplinary appeal provisions under Section 2-47 of the Code of Miami-Dade County shall prevail and be utilized if a timely appeal is requested. In the event the Union selects the option to appeal disciplinary actions resulting in dismissals, suspensions or demotions of permanent employees under the grievance and arbitration procedure then the provisions of Section 2-47 of the Code will not be applicable.

Section 6. Just Culture

Just Culture: The PHT and the Union jointly embrace Just Culture. The parties recognize that Just Culture functions to ensure safe quality care and provides both the employer and the employees the opportunity to explore and investigate processes, procedures and systems that advance safe quality care. In the event an issue or incident occurs with a bargaining unit member related to patient safety or in clinical areas that deal with patient safety and quality, the PHT will make every effort to examine the core fundamental cause utilizing the practices and algorithms of Just Culture per the PHT's Just Culture Policy. It is the mutual intent of both parties to ensure safe quality patient care through ensuring best practices and share learnings.

As both parties embrace Just Culture, and whereas the Union recognizes the PHT's intent to implement and utilize it throughout the System, the parties agree to create a Just Culture Committee. The purpose of the Committee is for management and the Union to meet and collaborate on the effective implementation and utilization of the Just Culture Policy for the members of the bargaining unit.

The parties agree that the Employer and the Union shall be responsible for establishing the Just Culture committee and determining its structure and scope.

Section 7. Absenteeism/Tardiness

This section will be in full force and effect six months after contract ratification.

A. Absenteeism

Absenteeism is defined as failure to report to work as scheduled, or working less than one-half the scheduled shift. Employees who violate this policy with patterned and/or excessive absenteeism shall be subject to corrective action.

An "absence occasion" is defined as one (1) to a maximum of seven (7) consecutive calendar day(s) with unplanned absences, excluding approved FMLA leave. For an illness extending beyond seven (7) calendar days, the employee must present the appropriate manager with a doctor's note for the illness to be treated as a single occasion. Hence, if an employee has eight (8) or more consecutive calendar days of unplanned absences, then the eighth (8th) consecutive calendar day will be considered an additional "absence occasion."

"Patterned" absences constitute a violation of this section. With the exception of absences on holidays which require longer time periods in which to investigate a possible pattern, examples of patterned absences include, but are not limited to, three (3) or more instances of the following in a three (3) month period:

- absence on scheduled weekends or holidays
- absence the day before or after a scheduled holiday, vacation, or personal day
- absence the scheduled workday after payday
- coincidence of absence with desirable days off
- coincidence of absence with days of heavy or light work load
- repeated or patterned absence on a specific day of the week

"Excessive absenteeism" is defined as at least four (4) or more absence occasions during any six (6) month period. In addition, two (2) or more absence occasions within any two (2) month period following receipt of a corrective action for absenteeism constitute excessive absenteeism.

Repeated periods of extended absence due to illness or injury may be considered excessive absenteeism since they interfere with the delivery of patient care and departmental productivity, and may constitute a violation of

this policy unless these absences are covered under the provisions of Family & Medical Leave Act (FMLA).

B. Tardiness

1. Tardiness is defined as arriving at the workstation after the scheduled starting time.
2. Excessive tardiness is defined as reporting late for duty at least twice in a pay period. Tardiness that follows a set pattern also may constitute excessive tardiness.

C. A joint management and union committee will be established to monitor the declinations of PL time and the reduction of call outs.

ARTICLE X - HOURS OF WORK AND OVERTIME

Section 1. Work Hours

The standard work week shall consist of forty (40) hours.

Employees who are assigned to work eight and one half (8½) hour shifts or ten and one half (10½) shall be entitled to one (1) unpaid meal break of one half (½) hour which will be part of each shift. Every effort will be made to provide two fifteen (15) minute paid rest periods within each scheduled shift. The unpaid meal break may be combined with the fifteen (15) minute paid breaks with prior supervisory approval, which shall not be unreasonably withheld.

Employees who are assigned to work twelve and one half (12½) hour shifts shall be entitled to two (2) unpaid meal breaks of one half (½) hour which will be part of each shift. Every effort will be made to provide three fifteen (15) minute paid rest periods within each scheduled shift. The unpaid meal breaks may be combined with the fifteen (15) minute paid breaks with prior supervisory approval, which shall not be unreasonably withheld. No individual working twelve and one half (12½) hour shifts will normally be scheduled for more than three (3) consecutive days on duty or more than seven (7) days on duty within a period of fourteen (14) consecutive days.

In addition to the current full time status of 40 hours for nurses who work 12 and half hour (12 ½) shifts (3 days one week, 4 another week), RNs who mutually agree with the employer to work three (3) 12 and one half hour (12 ½) shifts per week shall also be considered full time employees with all full time benefits. Those who work these three (3) 12 and one half hour (12 ½) shifts shall be paid for 72 hours per pay period plus any overtime. For the purposes of weekly overtime, the normal work week shall be considered 40 hours.

An employee who is currently on, or in the future is placed on, a schedule of working 12 ½ hour shifts, three (3) days one week and four (4) days another week (3-4), shall be entitled to continue on a (3-4) schedule, including in the event of a transfer or reassignment, whether voluntary or involuntary.

Effective September 30, 2014, full-time or part-time employees shall have the opportunity to convert to a schedule of working 12 ½ hour shifts, three (3) days one week and four (4) days another week (3-4), whenever any full-time or part-time vacancy is declared in the employees' unit, to a maximum of 50% of employees on a (3-4) schedule per unit. Whenever there is availability in a unit for the conversion of an employee to a (3-4) schedule, employees shall be offered the (3-4) schedule by unit seniority. Nothing in this section shall prevent JHS, in its discretion, from exceeding the 50% per unit cap, or from offering (3-4) schedules to employees by unit seniority without declaration of a vacancy.

Effective upon ratification, any per diem or part-time employee who averages forty (40) hours per week for six (6) consecutive months will be offered a full-time with benefits position in the same classification he/she has been working, subject to a six (6) month probationary period. Any per diem employee who averages twenty (20) hours per week or more for six (6) consecutive months will be offered a part-time position.

Section 2. Overtime

- A. It shall not be the general policy of the Employer to have its employees work frequent or consistent overtime. However, when non-job basis employees are required to work approved overtime, in addition to their regular hours, they shall be compensated.
- B. Effective March 1, 2012, work authorized to be performed in excess of forty (40) hours per week shall be paid at the rate of time and one-half of the normal rate of pay.
- C. For purposes of interpretation, all hours in pay status shall be considered hours worked except for unplanned personal leave days. However, employees covered by the bargaining unit may receive overtime payment for hours worked in excess of any forty (40) hour work week which includes the equivalent hours of one (1) planned personal leave day taken within any week (the exception being Thanksgiving week when the equivalent hours of two (2) personal leave days may be taken). These hours shall include use of "voluntary early out" personal leave when an employee agrees to leave early at the request of Management and/or usage of partial planned personal leave days up to the equivalent of an employee's regular scheduled shift.
- D. An employee shall not have the regular work schedule changed solely to avoid payment of overtime. This Article is intended to be construed only on the basis of overtime and shall not be construed as a guarantee of work per day or per week.
- E. In any situation requiring overtime, volunteers will be sought before the overtime is assigned. In the event that sufficient volunteers are not obtained, overtime will be assigned on a rotational basis.
- F. Except when demonstrated to be more expensive, overtime will be offered before any agency or TR nurses are utilized.

Section 3. Work Week

The work week shall begin on a Sunday and end on a Saturday.

Section 4. Time Schedules

Every effort shall be made to post time schedules four (4) weeks immediately preceding their effective date. Established schedules may be amended at any time by mutual agreement of the nurses involved with the consent of the appropriate supervisor.

Section 5. Hours of Work and Overtime

- A. Nurses working five (5) days per week schedule will not be scheduled for more than six (6) consecutive days without prior consent of the nurse. Nurses working compressed schedules will not be scheduled for more than three (3) consecutive days without prior consent of the nurse.
- B. The Employer will make every possible effort to provide nurses every other or

two weekends off per time sheet schedule. Weekends are defined as Saturdays and Sundays for day and evening shift and as Friday and Saturday nights for night shift employees. To meet this provision and to cover weekends normally worked during vacations, periods of illness, and other unavoidable absences, the Employer will make every effort to utilize flexible alternatives, such as: seek volunteers for overtime, utilize combination shifts (e.g. 2-8's, 2-12's), part-time, per diem and pool employees. If staffing standards cannot be met through the use of volunteers, the Employer may assign extra weekend work on a rotating basis. If any nurse does not desire every other weekend off or desires set days each week, the nurse should make this request in writing to the person responsible for the time schedule. While every possible effort will be made to adhere to paragraphs A and B, it is understood and agreed that patient care needs will be the paramount consideration in work scheduling.

- C. No employee shall be denied vacation because such time begins, ends or includes a weekend(s) on which he/she is scheduled to work.

No employee shall be required to make up a weekend which occurred during an approved vacation, leave, or illness. It is understood, however, that additional weekends may be scheduled under the following conditions:

1. When a pattern of unplanned leave abuse is demonstrated, or
2. To ensure that weekend work is distributed equitably over the period of a year.

Section 6. Alternative Schedules

Nursing units will have flexibility to adopt different work schedules according to their needs and demands with the approval of the Director of Patient Care Services or Administrator in consultation with Employee/Labor Relations and notification to the Union as provided under Article V, Section 2.

Any nurse who has researched different systems of scheduling should present the system to the Clinical Nursing Practice Committee and the Quality Nursing and Career Development Committee.

If an alternative scheduling system has been in effect on a unit in excess of twelve (12) months, the Employer will notify the Union of any pending change as provided under Article V, Section 2.

No change will be instituted to the alternate schedule for at least six (6) weeks unless an emergency situation exists.

Section 7. Rotating Shifts

Where rotating shifts are required, those responsible for making work schedules will assign shift rotation on an equitable basis. Individual requests for evening and night shift assignment may continue to be approved.

- A. The Employer will make every effort to avoid asking nurses regularly assigned to 3-11 or night shift to rotate to another shift.
- B. Every effort will be made to refrain from rotating nurses to evening or night shift immediately preceding their weekend off.

Section 8. Consecutive Shifts

No nurse will be scheduled for more than two (2) different shifts in any one (1) work week unless the nurse gives consent.

Nurses will not be required to work consecutive shifts except in emergency conditions. There will normally be at least a minimum of an eleven and one-half (11½) hour break between work shifts except in emergency circumstances. For purposes of this section only, staffing deficiencies which cannot be reasonably anticipated by the Employer shall be considered as emergency circumstances.

Section 9. Flexible Hours for Higher Degree Education

The Employer will make every effort to schedule employees working toward a higher degree in accordance with requests made in order for the employee to attend classes. Requests for leave will be granted based on the date of request.

Section 10. Public Holidays

Nurses assigned to facilities or units that are closed on public holidays shall have the option either to take the day of the holiday off, or to work in other areas of the bargaining unit if such work is available. Nurses who opt to work the day in question shall not have a Personal Leave day deducted from their paid leave account

Effective upon ratification, the national holiday referred to as Juneteenth, which takes place on June 19th, will be recognized as a holiday by the Trust. Employees who are granted time off for this holiday will have a Personal Leave day deducted from their paid leave account. In any given year, in the event June 19th falls on a Saturday, it will be observed on the Friday before; and if it falls on a Sunday it will be observed on the next Monday.

Section 11. Daylight Savings Time

Employees who work during the Spring change to Daylight Savings Time will be compensated for their normal shift.

ARTICLE XI - SALARIES

Section 1. Pay Day

The Employer shall make a good faith effort to include relevant data such as accrued leave time and itemized deductions on each pay statement.

- A. Pay day shall be every other Friday. Paychecks may be picked up in division offices as soon as available. Every effort will be made to make such checks available to those nurses on the 3:00 p.m.-11:30 p.m. and 11:00 p.m.-7:30 a.m. shifts after 9:30 p.m. on Thursday and prior to the end of their shift.
- B. If a holiday is on Friday, pay shall be given on Thursday.

Section 2. Paycheck Errors

In the event of an error in the pay check in the amount of one hundred dollars (\$100.00) or greater, a voucher in the corrected amount shall be made available to the employee within twenty-four (24) hours within three (3) business days after pay day from the date the error is reported or from discovery of the error by management. For paycheck errors of less than one hundred dollars (\$100.00), the amount will be made available to the employee in the pay period following the report/discovery of the error. In order for the voucher to be made available by 4:00 p.m. the same day, the error must be reported to the Payroll Department, with the proper documentation, by 11:00 a.m. The voucher may then be picked up in the Audit Section,

ARTICLE XIII - VACATION AND LEAVE

The Employer provides a certain number of paid hours per year to be used for rest, relaxation, vacation, sickness, bereavement, and other personal needs. PHT _____ Date

the end of the first six (6) months, the dollar equivalent of the number of hours taken will be deducted from the employee's final paycheck.

D. Full-time employees shall earn paid personal leave hours as follows:

1. During the first five (5) years of employment, 0.1115 hours shall be earned for each hour in pay status per pay period up to a maximum of 8.920 hours (80 hours or more in pay status). This approximates **twenty-nine (29) days** per year. However, a full-time employee shall not be eligible to receive payment for personal leave days until after the first six (6) months of employment, except as outlined in Section 2.

The yearly accrual of twenty-nine (29) personal leave days includes ten (10) vacation days, thirteen (13) holidays, and six (6) sick days, all of which are accrued incrementally over the course of the year as indicated above. Accordingly, employees who work a paid holiday receive pay for actual hours worked plus personal leave accrual for the holiday.

2. In order to recognize longevity of service, employees with more than five (5) years of continuous service shall earn personal leave hours as follows:

Full-time employees who are assigned to work regularly scheduled ten (10) hour shifts shall earn an additional twenty-two (22) hours of personal leave per year (shorter periods of time will be prorated). Full-time employees who are assigned to work regularly scheduled twelve and a half (12½) hour shifts shall earn an additional thirty-eight point five (38.5) hours of personal leave per year (shorter or longer periods of time will be prorated).

- G. Personal leave hours shall be used during the first three (3) consecutive scheduled workdays (to maximum of twenty-four (24) hours) of any spell of illness. After 3 years, 16 hours of personal leave are used for illness and after 10 years, 8 hours of personal leave are used; these personal leave hours shall be defined as unplanned absences. If sufficient personal leave hours are not available to cover a spell of illness, any uncovered portion shall be without pay, until the benefits of the Extended Illness Leave Plan are in effect.
- H. Personal Leave/Vacation Accrual
1. Employees who have at least 80 hours of unused Personal Leave/Vacation as of the election date (from December 1 through December 21) of any calendar year (the "Election Year") may voluntarily elect to receive cash instead of 20 to 80 hours (for employees with less than 10 years of continuous service) or up to 120 hours (for employees with 10 years or more of continuous service) total for the year, but for no more hours than they may accrue in the next calendar year (the "Accrual Year"). The election must be made in increments of one hour. Based on the employee's request, cash-out payments will be distributed in the last paycheck in June and/or December of the Accrual Year.
 2. An election to cash-out Personal Leave/Vacation hours that may accrue in the Accrual Year must be made before the beginning of the Accrual Year from December 1 through December 21 of the Election Year.
 3. The employee must make the election to cash-out Personal Leave/Vacation hours that he or she will accrue in the Accrual Year in writing, on a cash-out election form provided by Jackson Health. The election must state the number of Personal Leave/Vacation hours to be cashed out.
 4. All elections are irrevocable once made. Employees cannot increase or decrease the number of Personal Leave/Vacation hours they will cash out in the Accrual Year after December 21 of the Election Year.
 5. Payment of cashed-out hours will be made in the last pay period of June and/or December of the Accrual Year at the rate of pay at the time of payment. Upon employment separation for any reason before the end of the Accrual Year, all accrued personal leave hours, including hours designated as cash out, shall be paid out in accordance with Section I., below.
 6. During the accrual year, accrued time shall be allocated on a pro rata basis between cash out and Personal Leave/Vacation time on the same percentage basis as the cash out amount is to the potential maximum

accrual. (Example: If an employee elects to cash out 80 hours and is entitled to accrue a maximum of 240 hours in the accrual year, personal leave accruals shall be allocated 33.33% toward cash out and 66.67% toward the leave balance.)

7. Elections to cash out leave must be made on a tax (calendar) year basis.

These holiday requests are unique. Requests for time off during the two pay periods around Christmas will be granted fairly and rotationally regardless of seniority or timing of request. No one person will be eligible to receive more than one week off at the expense of other employees not receiving time off, thus allowing everyone to get a week off if requested. Time off greater than one week not prohibited if logistically possible. Departmental supervisors will begin this request process each fall by posting notice to their employees that requests are due. Adequate notice should be allotted to allow all employees time to submit requests per "Clairvia". Seniority will be used as a tie breaker if necessary.

Thanksgiving time off is also done fairly & rotationally.

Section 19. Referral and Recruitment Incentive Program

- 1. In an effort to attract and retain qualified, experienced nurses for difficult to fill positions for the organization, the PHT may implement a recruitment incentive program for the purpose of providing cash incentives to recruit and retain newly hired, experienced staff for difficult to fill positions system-wide, excluding nursing homes, clinics, and CHS. "Difficult to fill position" is defined as a vacancy that has been posted for forty-five (45) days or greater. - 2. To be eligible for recruitment incentives, new hires must have a minimum of three (3) years of direct experience in the specialty area identified; must meet all PHT employment screening requirement for the position applied for; and must accept a full-time position with the PHT. Any current employee of the Jackson Health System (exception: Executives, Directors, Managers, Supervisors, Public Relations, and Human Resources staff) who refer a clinical staff nurse who is hired into a full-time position in specialty areas identified in this agreement will be eligible to receive a \$1,000 referral bonus. In order for the referring employee to receive the referral bonus, the new employee must have three years of experience in the specialty area and successfully complete an orientation period. The \$1000 payment will be made at the time the new employee completes orientation. Both the referring employee and new employee must be employed at the time of payout. If two or more employees refer the same candidate, the first referral form received and date stamped by Talent Acquisition will be eligible for the program, unless both parties agree to share the bonus. The referred employee cannot currently be in the recruitment database. If an employee refers multiple new candidates who are hired into full-time clinical staff nurse positions in specialty units identified in this agreement, the referring employee will be eligible for the referral bonus for each new employee referred who meets the criteria outlined in this agreement.
7. The PHT may stop the implementation of this referral and recruitment program at any time with thirty (30) days written notice to the union.

Section 1. Shift Transfers, Posting and Filling of Vacancies and Reassignments

- A. **Shift Transfers.** Recognizing that access to preferred shifts by nurses can make an important contribution to nurse morale and retention, the parties agree that all available shifts shall first be posted in the unit for a period of 7 days and made available to nurses within the unit by unit seniority.
- B. **Posting of Vacancies.** All unit available vacancies shall be posted in the unit and concurrently throughout all PHT facilities. If employees under paragraph A do not express interest in the vacancy within the first fourteen (14) days of posting, the vacancy shall continue to be posted on bulletin boards located throughout PHT facilities until a job offer is made by Recruitment Services. With written notice to the Union, the Employer may offer employment to an employee prior to the end of the fourteen (14) day posting period, provided that:
 - 1. More than one (1) vacancy exists in the unit.
 - 2. Priority for shift selection under A above is maintained.

Recruitment Services is responsible for posting all vacancies for which a personnel requisition has been submitted.

- C. **Filling of Vacancies.** During this posting period, current employees with the necessary qualifications will be given preference over outside applicants. When skill, competency and ability are considered substantially equal in the judgment of the Employer, seniority shall be the deciding consideration in filling vacancies. All employees who apply for a posted vacancy shall be advised of the vacancy status as soon as practical. An employee's current salary will not be a determining factor when considering employees for transfer.
- D. There will be no less than two (2) nor more than three (3) weeks' notice to the department from which an employee is transferred. In the event that the position being vacated is critical to the operation of the unit, the employee may be retained until such time as the employee is replaced, but for no more than sixty (60) days. However, for pay purposes, transfers will be effective at the beginning of the pay period following acceptance.
- E. An employee returning to a previous permanent status classification within one (1) month will be transferred to the employee's previous position and department unless the position has been abolished or has been filled by another employee with permanent status in the classification for that position. In the event the former position is not available, the returning employee will be offered a vacant position in that classification or will replace a probationary/trial employee in that classification.
- F. If it becomes necessary to reduce FTE's in a unit, the hospital will first seek volunteers in a unit. If there is an insufficient number of volunteers, affected employees will be reassigned in inverse order of hospital-wide seniority in the classification consistent with the reassignment procedure in Article XVIII, Section 1.

Section 2. Unit Mergers

When one or more units are merged, the following procedure will be utilized:

- A. The unit seniority of all affected employees shall be maintained and merged

PHI _____ Date _____ 46 SETU _____ Date _____

into one new unit seniority list. Any shift selections or vacation scheduling in accordance with the Collective Bargaining Agreement will be based upon this merged seniority.

- B. In the event that a unit merger necessitates the elimination of any positions, the reassignment procedure will be followed and, unless there are volunteers, the employee with the least hospital-wide seniority in the affected classification of the new merged unit will be reassigned and/or offered the opportunity to voluntarily demote.

ARTICLE XVII

ORIENTATION, FLOATING, CROSS-TRAINING, CENTRAL STAFFING FLOAT POOL NURSES

Section 1. Orientation Types

- A. Orientation is the introductory instruction concerning how to practice in a new clinical situation. Orientation is provided by the employer across all stages and continuums of employment and clinical practice. A nurse shall not be expected to take an assignment independently in any area of practice to which the employee does not have the competency to care for the patient(s).

Section Types of orientation include:

- 1. New employee orientation (for new hires at JHS) will include a generalized JHS, divisional, and unit specific orientation. Time frames may vary based on individual experience and the specialty area. A preceptor program whereby preceptors receive training will be used to guide orientation. Program standards of preceptorship include, but are not limited to: preceptor will not assume charge role when precepting, unless it is to train an orientee to that role; patient assignments will be considerate to meet the goals/standards for the orientee.
- 2. Incumbent employee orientation is for JHS employees who transfer to a new unit and will include divisional and unit specific orientation based on experience.
- 3. Cross training orientation is for those JHS employees who "float" to another unit on a temporary basis.
- B. All three types of orientation include principles that assure the employee is prepared, competent and safe to practice according to the standards and skill competencies of the specific unit. All orientations for new employees or for employees who have never floated to specific units previously will include:
 - 1. Clear goals and expectations specific to each unit. Mutually signed competency and checklist, the signing of which will not be unreasonably withheld or hinder patient care. Competencies and checklists are specific to the standards and skills required for the patient population;
 - 2. Patient assignments congruent with attained competencies are not precluded by partially completed checklists;
 - 3. A preceptor/mentor will be assigned to the nurse. Consistent preceptors is recommended;
 - 4. Competencies must be considered when covering assignments.

Section 2. Cross-training

Cross-training is the systematic process of providing training in different tasks or skills.

PHI
PHI 9/23/21
Date

SEIU
SEIU 9-20-21
Date

Cross-training will ensure that all necessary personnel successfully complete the unit-specific competencies to prepare the employee to care for specific patient populations.

The Employer shall continue to have the authority to schedule an employee's cross-training consistent with the Division/Unit's staffing requirement. Volunteers will be cross-trained first. Checklists and competencies will be reviewed annually. In general, cross-training will happen in another unit and will not exceed twenty-four hours.

The QNCD Labor/Management Committee will develop a standardize format of all unit specific competencies/checklists in the JHS for all clinical areas (e.g., Holtz Children's Policy No. 06).

Section 3. Floating Pay

Floating is the practice of temporarily reassigning nurses from their assigned areas and placing them elsewhere.

Standards for floating to a unit include:

- A. The employee is welcomed and introduced to the staff.
- B. The assignment is clear and reviewed with an assigned resource nurse.
- C. There are frequent check-ins with the resource nurse to assess the float nurses' progress and comfort.
- D. Near the end of the shift the float nurse will complete an evaluation of the experience which will be shared with both units for the purpose of improving the process.
- E. Floating will happen fairly and rotationally for employees who have been cross-trained according to the cross-training standards above.
- F. Assignments will be congruent with the employee's skills and experience and nurses will ideally be assigned a less acute patient assignment.
- G. Registered Nurses with less than 12 months experience in nursing will not be eligible to float out of their home base unit unless mutually agreed on.
- H. Float nurses will be given an assignment based on their level of skill, expertise and meeting the competency requirements for the patient assignment.
- I. Divisional/Unit specific competencies and skill checklist will dictate a nurses' ability to float.
- J. Agency/Travel and per diem nurses will be first to float.

Section 4. Central Staffing Float Pool Nurses

Central Staffing Float Pool Nurses are nurses who have been cross-trained to meet the staffing needs of Specific Units.

Terms and Conditions

- Jackson Health System (JHS) will determine the number of FTE's and shifts that are needed in the Float Pool. JHS may hire full time, part time, and per diem employees in the Float Pool.
- Applicants must have a minimum of one (1) year current experience and the requisite skills and ability to float to any unit(s) assigned.

Section 5. Pay Premium

- A. A \$2.00 per hour premium will be paid when nurses are floated out of their home campus to another campus or a facility outside of their home campus. When necessary to float a float pool nurse away from their home campus, the nurse will be chosen from a pre-established volunteer list. If there are no volunteers, assignments will be done based upon inverse seniority. The premium will only be paid for hours worked away from the home campus (including time spent traveling away from the home campus if floated during the course of a shift). Further, all nurses in the float pool cost code will receive \$2.00 per hour premium for all hours worked.
- B. Non-Float Pool Nurses who float from their home base unit shall receive the \$2.00 per hour premium for hours spent floating when they float at least 50% of their ~~hours~~ shifts worked in a pay period.

Jackson Health System reserves the right to adjust float pool pay premium as determined to be necessary to recruit, retain and remain competitive in the health care market. These rates will not be affected by any cost of living increase. The two dollar (\$2.00) premium shall not be decreased during the term of this agreement.

Jackson Health System has the sole right to determine the use of the Float Pool at any facilities within Jackson Health System.

Section 6. Extra Shift Bonus Program

Employees may be paid an extra shift bonus to work an unscheduled extra shift in any workweek in designated areas of the system when management determines that there is a critical need in those areas based on staffing. Opportunities for extra shift bonus dollars will be posted in each nursing unit. JHS agrees to provide the Union with a minimum of 24 hour's notice of its intention to start and/or stop this program. When activated, bonuses will be awarded as follows:

Eight-hour shift:	\$40
Ten-hour shift:	\$50
Twelve-hour shift:	\$60

A partial shift of less than eight (8) hours but at least four (4) hours may be approved at a pro-rated rate.

Exclusions
:

- Per Diem employees are not eligible for participation in the program;
- On-call and callback shift work is not applicable for the bonus.

ARTICLE XVIII

REASSIGNMENT, Layoffs, Recall and Reemployment Rights

Definitions
:

Reassignment procedure is applicable when there is a reduction in FTE(s) in a unit and there are vacancies in the affected classification(s) on the same list.

Layoff procedure is applicable when there are no vacancies in the affected classification(s) on the same list.

Section 1. Reassignment Procedure
PHI Rem 9/20/21 Date 49

SEIU MB 9-20-21 Date

If it becomes necessary to reduce the FTEs in a unit, the hospital will first seek volunteers in the unit. If there is an insufficient number of volunteers, affected nurses will be reassigned in inverse order of hospital-wide seniority in the classification, consistent with the following reassignment procedure:

- A. Meeting dates will be scheduled with the Sr. Vice President, Chief Nursing Executive, the Director of Patient Care Services, Labor Relations and the Union to discuss the reassignment.
- B. Appropriate available positions on the affected list will be frozen.
- C. The Employer will notify the Union, in writing, of the affected unit(s), the affected nurses by name, hospital-wide seniority date by classification; the appropriate available positions in the affected classification and the effective date of reassignment.
- D. The number of volunteers in the affected classification(s) accepted from each affected unit(s) will not exceed the number of FTEs being reassigned from that unit. Volunteers from the affected unit(s) will be accepted on hospital-wide seniority basis in the classification(s).
- E. The volunteer reassignment process will generally be completed within two (2) weeks of notification to the employee(s). Notification of involuntary reassignments will be completed within seventy-two (72) hours of completion of the voluntary process.
- F. Hospital-wide seniority in the classification(s) will prevail in the selection of the appropriate available positions.
- G. The unit seniority of the affected nurses shall be maintained and merged into one unit seniority list. Any shift selections or vacation scheduling in accordance with the Collective Bargaining Agreement will be based upon the merged seniority.
- H. This procedure will not be used in the layoff procedure of the collective bargaining agreement.

Section 2. Layoff Procedure

- A. Layoff, defined, is the separation of an employee for lack of work or funds as determined by the Employer; or due to the reductions in or the contracting out of services, without fault or delinquency on the employees' part.

In the event of a layoff, employees will be laid-off and recalled in accordance with the procedures established herein.

- B. The procedure will apply to full and regular part-time bargaining unit employees in the statuses of permanent, substitute, and probationary. Seniority points will be calculated for each affected employee. In calculating seniority points one (1) point will be assigned for each month of full-time service, one-half (0.5) point will be assigned for each month of part-time service. Points for months of service are simply totaled with the final number being the retention score.

All time spent on military leave of absence will be included in calculating seniority points. Seniority credit will be given to an employee who has volunteered for military service during peacetime (not eligible for military leave of absence), provided the employee is re-employed within ninety days of release from military service. Seniority credit will be given for the service time prior to and during the military service.

Qualified veterans will receive veterans' preference points equal to 5% of the highest seniority score. These points are added to the veteran's seniority score.

- C. The Employer will make every effort to give sixty (60) days notice to the Union of any decision to layoff unit members. No less than twenty-one (21) days written notice will be given to bargaining unit members who were laid-off or demoted. A copy of such notice will be simultaneously sent to the Union.
- D. In connection with the parties' commitment to the Reeducation and Skills Enhancement Program, for purposes of layoffs the parties have agreed to use two (2) lists, which are identified in Section 4.
- E. In the event of a layoff the Employer shall identify the unit(s) where FTE's are being reduced. These procedures include all affected nurses in the classifications represented by this CBA. Layoffs will be done in inverse order of seniority by classification, within the affected list(s). Employees in the statuses of temporary relief and per diem, on the affected list(s), will be terminated prior to any full-time or regular part-time employee in the bargaining unit being impacted by lay-off.

When a nurse(s) is/are laid off on a list, the employee(s) will first bump within their specialty area on the list. Only the least senior employee will leave their specialty area and bump into another specialty area within the affected list.

When a Nurse Manager, Associate Nurse Manager, or unit-based Nurse Educator classification is eliminated within a unit the affected employee may voluntarily opt to demote to another classification to remain in their unit.

When FTE(s) are eliminated and layoff procedure is implemented within the classification of Clinical Care Coordinator, Patient Placement, Nurse Educators, Wound Care, Infection Control, or Case Management, where the nurse is not unit-based, the affected employees will bump into the specialty area where they last held permanent status in another classification. Other examples may be identified and, if mutually agreed by the parties in writing, may be given the same consideration regarding bumping.

- F. Full time and regular part time employees on one list are not eligible to displace employees on the other list, unless they have held permanent status in a full time or part time job classification on the other list. Regular part time is defined as a minimum of twenty hours per pay period. Employees will automatically bump into any classification on the affected list(s), in which they previously held permanent status.
- G. During the twenty-one (21) day notice period, nurses who have been bumped shall be given five (5) calendar days to select, by hospital-wide seniority, a reassignment to a vacant position, if it exists, on the affected list(s). The union will be responsible for facilitating this process.
- H. Full time and part-time employees on the affected list(s) can only bump within the bargaining unit. It is understood that in a layoff, part-time employees may be required to move to full time status in order to exercise bumping rights. Reasonable efforts will be made to ensure that part-time employees may continue in part-time status. Full-time employees shall not be required to accept part-time positions.
- I. All time served in the higher classification will be credited as time served in lower classifications within the bargaining unit. Bargaining unit employees who previously held permanent status in classifications outside of this bargaining

unit will be subject to the applicable layoff procedures of the classification to which they are displaced.

- J. For purposes of layoff only:
1. Time served in these classifications in per diem status will not be considered. Time served as a Nurse 1 or Nurse 2 will count as time toward a Clinical Staff Nurse.
 2. Time served as a Corrections Health Nurse I will count towards a Clinical Staff Nurse/Corrections Health Services classification. The time served as a Corrections Health Nurse II will count towards time in an equivalent Corrections Health Services classification, (e.g. Nurse Educator/Corrections Health Services). Time served as an Administrative Nurse I will count towards an equivalent nurse classification. Time served as a Nurse III will count towards Clinical Care Coordinator, Enterostomal Therapist, and Nurse Educator classifications. Time served as a Nurse IV will count towards Clinical Nurse Specialist, Clinical Research Coordinator, Clinical Service Coordinator, Enterostomal Therapist Coordinator, Quality Management Education Coordinator and Trauma Coordinator classifications. Time served as an Associate Nurse Manager will count towards Clinical Resource Nurse, Officer of the Day-Emergency Services, and Patient Placement Coordinator classifications.
 3. Those nurses enrolled in Critical Care Internships or other specialty programs internships will be considered to be members of the Division/Department sponsoring the program, rather than members of their previously assigned unit.
 4. No bargaining unit employee on the affected list(s) shall be laid-off in lieu of maintaining a full-time equivalent traveler, agency, per diem, or TR nurse on the affected list(s). Following a layoff, per diem, TR and agency RNs may be used during the necessary transition time specifically to cover for orientation and cross-training that may be required as a result of layoff.
- K. Employees who have been displaced will be given priority consideration for other opportunities in PHT training programs and on-call/pool vacancies.
- L. The County and PHT agree that County employees cannot bump bargaining unit employees working for the PHT nor can PHT Bargaining Unit employees bump County Bargaining Unit employees.

J. For purposes of layoff and reassignment, employees in the classifications of Clinical Staff Nurse CVTX and Clinical Staff Nurse Neuro will be treated as Clinical Staff Nurses. These classifications were created for pay incentive purposes only.

Section 3. Recall Procedure

- A. Employees will be recalled in inverse order of layoff. Based on mutual agreement and patient populations, exceptions may be made to these lists on a case-by-case basis (ex A chemo certified RN may be exempt from the bumping process based on highly trained skill set). Pediatric ICU's and Pediatric employees may first bump within the Pediatric specialty areas and then the least senior employee will bump onto the correct list, A or B.

The units identified herein are based upon the current geographic configuration of the PHT. The parties agree that the placement of a unit on a list is based on the unit's function, not its name or location. The parties further agree that nothing herein shall prevent the Employer from relocating units within its facilities so long as the essential functions of the units remain the same. Units that are merely relocated or renamed will remain on the same list. In the event a new unit is created or two or more existing units are merged, the new or merged unit will be placed on the list that contains units with the most similar functions. For classifications and/or locations not listed here, the parties will meet to appropriately place these nurses on a case by case basis.

Section 5. ARNP Reassignment, Layoff, and Recall Procedures

Due to legal certification restrictions, the layoff, recall, and reemployment rights list in Section 4 does not apply for ARNPs.

ARNPs will be reassigned, laid off and/or recalled using the list below, based on the individual ARNP certification and experience.

1. Adult → Adult*
2. Acute → Acute care areas (must have specialty certification as of 2007)
3. Family → Family/Adult/Pediatrics
4. Neonatal → Neonatal (Specialty area based on certification)
5. Pediatrics → Pediatrics/Family**
6. Psych → Psych (Specialty area based on certification)

* Adult can bump family for an adult position that does not include pediatrics

** Pediatric can bump family for a pediatric position

A joint Labor/Management advisory group shall be consulted in the event of any case where there is a dispute involving the placement of a bargaining unit employee in the bumping process or for those who are not board certified.

Section 6. Furloughs

In the event it is financially necessary, system-wide furloughs may be implemented. The Employer will make every effort to give sixty (60) days written notice to the Union of any decision to furlough unit members. No less than twenty-one (21) days written notice will be given to bargaining unit members who are to be furloughed.

ARTICLE XIX - CONTRACTING OUT

If the PHT solicits bids or proposals from the public to contract out services currently being performed by members of the bargaining unit, the PHT will notify the union. Notice of the solicitation will be provided as soon as practicable but in no event later than members of the general public are notified. If the County Commission solicits bids or proposals from the public to contract out services currently being performed by members of the bargaining unit, the PHT will provide the Union with notice as soon as it receives notice of the County Commission's solicitation.

Jackson Health System shall not contract out Jackson Main, Jackson West, or Jackson South ER services, including but not limited to the Rape Treatment Center, at its Main Campus. In the event that the PHT solicits bids or proposals from the public to contract out services currently being performed by members of the bargaining units in the Pediatric ER, or in the Adult ER at Jackson North Medical Center, all of the provisions and rights contained in this Article shall apply, and if these services are

contracted out, the PHT will require as a condition of its agreement/contract with any entities or Provider(s) that any full-time or part-time attending physicians, physician assistants, or ARNPs employed by the PHT shall remain employed in those units as PHT employees.

Upon request by the Union, the PHT shall make available for inspection any and all documents publicly available relating to the services contemplated for contracting out, prior to action being taken by the Employer to accomplish the contracting out. The Union may, within thirty (30) days or less if possible, propose an alternative plan by which the work may be done economically and efficiently by appropriate members of the bargaining unit. If the PHT receives such a proposal from the Union it will give such proposal reasonable consideration.

ARTICLE XX - REEDUCATION AND SKILLS ENHANCEMENT PROGRAM

In the interest of minimizing the need for layoffs of bargaining unit members and to prepare RN's to follow the workflow needs of the hospital, the parties agree to institute, monitor and support the Reeducation and Skills Enhancement Programs identified below and to devote time in the Quality Nursing and Career Development (QNCD) Committee to explore outside funding sources for these programs.

A. General Description of Programs:

1. Every reasonable effort shall be made to provide ongoing educational programs in Critical Care, Perioperative/OR and other specialty areas for bargaining unit members to meet staffing needs of the hospital.
2. If the PHT determines that a floatpool is necessary to meet the fluctuating census needs of the various units, it may create a full time Medical/Surgical RN floatpool and/or a Critical Care floatpool. Vacancies in floatpools will be offered first to volunteers on the basis of seniority. If sufficient volunteers are not available, the Employer may fill the remaining vacancies using regular hiring practices.
3. The hospital agrees to establish a learning center to facilitate the goals and success of the educational program.

B. Selection and Training Criteria:

1. Applicants for the programs must meet the selection criteria and basic skills established by the Employer. The Quality Nursing and Career Development Committee will discuss the selection criteria and may make recommendations to the Senior Vice President of Patient Care Services, who shall continue to have the authority to determine the selection criteria and basic skills necessary for the program. Applicants meeting the selection criteria and basic skills will be placed on a list for selection in order of hospital-wide seniority. Any qualified persons remaining on the list after a class is filled shall be ranked in order of their seniority and will be selected ahead of all other applicants to fill up to thirty percent (30%) of the openings in the next available class.
2. No RN shall be denied admittance to a program because of short staffing in his/her unit or division.
3. Program preceptors shall be selected for their clinical, educational and interpersonal communication skills. Preceptor courses will be continued and made available to interested nurses. Reasonable efforts will be made to adjust the preceptor's assignment while serving as a preceptor.
4. If a bargaining unit member with permanent status fails to successfully complete the program, he/she will return to his/her previous position and unit, if available, or other comparable position within the division.
5. The probationary period in a new position shall begin at the conclusion of the reeducation and unit orientation program.
6. All employees who successfully complete the Critical Care internship

shall identify their ICU areas of interest and shall be interviewed for those available positions. They shall be selected in areas of need through the standard interview and selection process. As long as ICU area vacancies exist, each bargaining unit member shall be placed in such setting.

An employee who is to be tested in accordance with the provisions of this article, will be permitted to make a phone call to the Union. This phone call shall not prevent, inhibit, or unreasonably delay the testing of such employee.

The results of such test or the employees' refusal to submit to toxicology or alcohol testing as provided for in this article, can result in appropriate disciplinary action in accordance with the applicable provision of the County Code, the Personnel Rules, Departmental Rules and Regulations and this Collective Bargaining Agreement.

The parties agree that toxicology and alcohol testing are an acceptable part of regularly scheduled Employer required physical examinations.

ARTICLE XXVII - PHYSICAL AND PSYCHOLOGICAL IMPAIRMENTS

A department director or their authorized representative(s) shall have the authority to require employees that have been determined, through reasonable suspicion, by the Department to possibly suffer from a physical, psychological or psychiatric impairment which may prevent the employee from satisfactorily performing the complete duties and responsibilities of his/her position, to submit to a physical, medical, psychological, or psychiatric examination deemed necessary for purposes of determining the employee's fitness to perform the complete duties and responsibilities of his/her position.

Such examinations will be performed by a physician approved and appointed by the Employer. The results of such examination(s) shall be promptly furnished to the concerned department director or their authorized representative. The results of the applicable information submitted by the examining physician to the Employer should be limited to information that is pertinent to the issues of the employee's ability to perform the duties and responsibilities of his/her position.

Based upon the results of such examinations, and other relevant information, the department director may place the employee on either paid or unpaid compulsory leave in accordance with the provision of the Leave Manual until such time as the department is satisfied that the employee can return to work. The department may

require the employee or attending physician to furnish additional pertinent medical reports or information deemed necessary while the employee is on compulsory leave. The period of compulsory leave shall not exceed one (1) year. Should the condition be corrected and so certified by the attending physician or psychologist, the employee may petition the Department for reinstatement. If the employee's petition for reinstatement is denied by the department, disciplinary action must be initiated by the department in accordance with the Personnel Rules. Nothing in the provision of this article shall prevent the concerned department from administering appropriate disciplinary action in accordance with the Personnel Rules and this Collective Bargaining Agreement.

ARTICLE XXVIII - ASSIGNABILITY OF CONTRACT

The provisions of this Agreement shall be binding upon the parties hereto and upon their successors and assigns (as those terms are defined by state or federal labor law, including but not limited to a taxing district or 501(c)(3) designated entity) for the full term of this Agreement. The parties agree that the terms and obligations herein contained shall not be affected, modified, altered or changed in any respect by the transfer or assignment by the Employer of any or all of its property, control, ownership or management or by any change in the legal status of the Employer or any part thereof. The parties further agree that:

- A. In the event of a sale, merger, assignment, or other transfer of operations of the Hospital, prior to the sale, merger, assignment or transfer the Hospital shall:
 - 1. Inform the prospective purchaser, merger party, assignee, transferee or other relevant acquiring or surviving entity ("New Employer") of the existence of this Agreement and of its terms and conditions;
 - 2. Provide a copy of this Agreement to the New Employer;
 - 3. Require as a condition of the sale, merger, assignment or transfer that the New Employer shall recognize the Union as the collective bargaining representative;
 - 4. Require as a condition of the sale, merger, assignment or transfer that the New Employer shall assume (by written instrument executed with the Union) this Agreement between the Hospital and Union [subject to the modification that the New Employer shall offer comparable benefit plans in lieu of benefits plans that are specifically administered by and available only through the Hospital, for the remainder of its term];
 - 5. Including the foregoing terms and conditions in a binding, written agreement between the Hospital and the New Employer, which states that the Union and the bargaining unit employees covered by this Agreement are the intended beneficiaries of these terms and conditions with the legal right to enforce them; and
 - 6. Provide the Union satisfactory documentation of compliance with the foregoing terms and conditions prior to the sale, merger, assignment or transfer.

ARTICLE XXIX - MISCELLANEOUS

Should any part of this Agreement or any portion herein contained be rendered illegal, legally invalid or unenforceable by a Court of competent jurisdiction, or by the decision of any authorized governmental agency, such invalidation of such part or portion of this Agreement shall not invalidate the remaining portion thereof. In the event of such occurrence, the parties agree to meet immediately, and, if possible, to negotiate substitute provisions for such parts or portions rendered or declared illegal or invalid. The remaining parts and provisions of this agreement shall remain in full force and effect.

The parties recognize that during the term of this Agreement situations may arise

which require that terms and conditions set forth in this Agreement must be clarified or amended. Under such circumstances, SEIU Local 1991 is specifically authorized by bargaining unit employees to enter into the settlement of grievance disputes or memoranda of understanding to clarify or amend this Agreement without having to be ratified by bargaining unit members.

ARTICLE XXX - STRIKES AND LOCKOUTS

There will be no strikes, work stoppages, picket lines, slowdowns or concerted failure or refusal to perform assigned work by the employees or the Union and there will be no lockouts by the Employer for the duration of this Agreement. The Union guarantees to support the Employer fully in maintaining operations in every way.

Any employee who participates in or promotes a strike, work stoppage, picket line, slowdown, or concerted failure or refusal to perform assigned work may be discharged or otherwise disciplined by the Employer.

It is recognized by the parties that the Employer and the Union are responsible for and engaged in activities which are the basis of the health and welfare of our citizens and that any violation of this section would give rise to irreparable damage to the Employer and to the public at large. Accordingly, it is understood and agreed that in the event of any violation of this section the Employer shall be entitled to seek and obtain immediate injunctive relief. However, it is agreed that the Union shall not be responsible for any act alleged to constitute a breach of this section if it can show that the Union did not instigate, authorize, condone, sanction or ratify such action, and further, that the Union has used every reasonable means to prevent or terminate such action.

ARTICLE XXXI - TERM OF AGREEMENT

- A. The collective bargaining agreement between the PHT, Miami Dade County and Local 1991, Service Employees International Union, shall be effective October 1, 2017 and continue to September 30, 2020.
- B. Either party may require by written notice to the other no later than June 30, 2020 negotiations concerning modification, amendments, and renewal of this Agreement to be effective October 1, 2020.

ARTICLE XXXII - NURSE STAFFING RATIOS

In recognition of the fact that sufficient nurse staffing is imperative to the development of a healthy practice work environment, evidenced by the following: a collaborative practice culture; expert, competent, credible, and visible leadership; shared decision-making; patient safety; and, recognition of nurses for their meaningful contribution to practice, Jackson Health System (JHS) shall implement the following Nurse Staffing Ratios:

- 1. When planning staffing in advance or for the next shift, and taking into consideration the acuity, case mix index, technology and equipment needs, infection control needs, qualified available staff etc., staffing patterns will be:
 - A. Adult medical, surgical, rehabilitation and palliative care patients, One (1) registered nurse for up to six (6) patients.
 - B. Telemetry patients, One (1) registered nurse for up to five (5) patients.
 - C. Pediatric Medical/Surgical patients, One (1) registered nurse for up to five (5) patients.
 - D. Medical Oncology and Gyn/Gyo patients, One (1) registered nurse for up to five (5) patients.
 - E. Transplant and Intermediate Care patients, One (1) registered nurse for

up to three (3) or four (4) patients based on acuity.

- F. Acute and emergency mental health patients, One (1) registered nurse for up to nine (9) patients with direct support from a number of care providers who are specially-trained in the management of the psychiatric milieu. Depending on the acuity, complexity and mix of psychiatric patients being cared for within a clinical service, the number of patients assigned to each Mental Health RN can be adjusted to promote concurrent safe staffing.
 - G. Geriatric Psychiatric patients, One (1) registered nurse for up to eight (8) patients.
 - H. In Emergency Services, One (1) registered nurse for up to four (4) or five (5) patients based on acuity.
 - I. Critical Care patients, One (1) registered nurse for up to two (2) patients.
 - J. Charge Nurse and/or Associate Nurse Managers will not routinely be assigned patients.
 - K. The staffing ratios provided for in this Article will apply regardless of whether the patient is physically located in the units specified above.
 - L. In blended units, staffing will be based on the acuity of the patient(s). Patient acuity, not the unit in which they are housed, will determine the appropriate ratio.
2. Additionally, the Jackson Health System will endorse and make every reasonable effort to adhere to the staffing ratios/guidelines set forth and recommended by national professional nursing organizations (i.e., AWHONN [Association of Women's Health, Obstetric and Neonatal Nurses]; RPICC [Regional Perinatal Intensive Care Center]; AORN [Association of Peri-Operative Registered Nurses]; ASPAN [American Society of Peri-Anesthesia Nurses], etc.) and external regulatory agencies (i.e., DCF, AHCA, and the Florida Department of Health, Office of Trauma), unless a different staffing ratio/guideline is specifically set forth above.

Unforeseen emergencies and swings in volume, and multiple unplanned absences in any one unit, may at times preclude compliance with this Article. When a unit is not in compliance with this Article under these circumstances, the Department Manager or his/her designee will immediately make all reasonable attempts to return the unit to compliance by assigning additional personnel to the unit. The Nurse Manager, Associate Nurse Manager, Nurse Educator or Charge Nurse may temporarily assume a patient assignment until the unit is back in compliance, but no longer than is necessary to resolve the issue. It is not a violation of this Article for a registered nurse to step away temporarily for breaks, meals, and to meet their personal needs as consistent with professional judgment.

JHS agrees that a pre-grievance meeting will occur between the Associate VP of Human Resources (or designee), the CNO of the affected area, and the President of SEIU 1991 (and/or designee) within 72 hours of an alleged violation of the ratios listed above.

This Article shall be enforceable by expedited arbitration. An arbitration hearing will be held within five (5) business days of notice by the Union that the Hospital is not in compliance with this Article. The parties agree the hearing could be telephonic. The arbitrator will announce a "bench ruling" at the conclusion of the hearing which will be followed up by a written ruling within thirty (30) days of the hearing.

ARTICLE XXXIII – PENSION BENEFITS

Similarly, effective upon ratification of this Agreement, employee contribution levels shall also be amended to reflect the FRS employee contribution levels in effect as of July 1, 2011 (3% of pensionable earnings on a pre-tax basis, other than per diem pool).
- B. The Summary Plan Description for the PHT Retirement Plan shall be amended to conform to this Agreement, and a copy shall be provided to the Union upon its completion.

ARTICLE XXXIV - EMPOWERMENT PROGRAM FOR SEIU REGISTERED NURSES, ATTENDING PHYSICIANS & PROFESSIONALS BARGAINING UNITS

Section 1. Labor-Management Partnership Agreement

A. Purpose

Health care services and the institutions that provide them are undergoing rapid change. Advances in health care and ensuring the well-being of the Miami-Dade County community present challenges as well as opportunities for the Public Health Trust (PHT), the public, SEIU Local 1991 (Union), and the members they represent. The PHT and the Union believe that now is the time to enter into a new way of doing business. Now is the time to unite around our common purposes and work together to most effectively deliver high quality health care.

Founded on the common principle of making life better for those we serve, it is our common goal to make Jackson Health System (JHS) a pre-eminent deliverer of health care in the United States. It is further our goal to demonstrate by any measure that labor-management collaboration produces superior health care outcomes, leading performance, and a superior workplace for PHT employees.

In this spirit and with this intent, the PHT and the Union agree to establish a Partnership in pursuit of our common goals to:

- Improve quality health care for the communities we serve;
- Assist the PHT in achieving and maintaining leading performance;
- Make the PHT a better place to work;
- Provide PHT employees with the maximum possible employment and income security within the PHT; and
- Involve employees and their union in operational, clinical, and business decisions.

B. Process and Structure

1. Senior Partnership Committee

The parties will establish a Senior Partnership Committee (SPC) consisting of an equal number of (but not less than four (4) each) PHT executive level staff and Union leadership. JHS's COO and CFO, as well as the Union President, will be members of the SPC. The COO and the Union President shall be co-chairs of the SPC. The SPC may expand the Partnership to include representatives of other parties as necessary,

as agreed to by the labor and management representatives on the SPC. The responsibilities of the SPC are to establish, consistent with the terms and scope outlined in this agreement, targets, goals, objectives, time lines and other Partnership initiatives. The SPC will meet as often as necessary but no less than twice per quarter to discuss strategic issues of the Partnership, and implement, review and oversee initiatives at all levels.

The powers of the SPC do not supersede the legally mandated obligations of the parties such as the duty to bargain over mandatory subjects, the responsibilities and duties of the governing board of the PHT, and the duty of the Union to represent the interests of its members. However, any initiatives approved by a super majority vote (i.e. six (6) out of eight (8)), of the members of the SPC shall not be rejected.

The initial initiatives of the Partnership shall be: (1) Primary Care Implementation, (2) ER through-put, and (3) Clinical Staffing and Training.

2. Access to Information

It is the express intention of the parties to freely share information with each other. The parties will have timely access to all relevant and pertinent information necessary to address the purposes of the Partnership. The PHT will provide such documentation at no cost to the Union.

3. Consultants

The parties will jointly select a third-party consultant to assist the Partnership formation and implementation process and to continue with such assistance until such time as the SPC members agree that these services are no longer required. The PHT and the Union shall be equally responsible for all fees and costs of the consultant hired for the first \$200,000 annually; thereafter, the PHT will be responsible for the fees and costs of the consultant.

4. Partnerships at Other Organizational Levels

The SPC acknowledges that the involvement of employees from all levels of the organization in appropriate and relevant issues results in high quality decisions beneficial to the continued viability of the enterprise. To this end, the SPC may create joint committees to monitor the implementation of action plans and initiatives. All joint committees created by the SPC will consist of an equal number of members from the Union and the PHT.

5. Costs of the Partnership

Following execution of this agreement, the PHT shall cover lost time for any PHT employees who are members of the SPC to attend these meetings. Any lost time for bargaining unit employees chosen by the Union to participate in any sub-committee established by the SPC shall be covered by the Union.

6. Scope

The issue of scope is inextricably tied to decision making. Scope sets the boundaries for the Partnership; what is in play, what is not. The decision-making process describes the procedures for disposing of or resolving the issues deemed within the parameters of the Partnership.

The scope of this Partnership should be broad and includes: strategic initiatives; quality; member and employee satisfaction; business planning; and business unit employment issues.

With respect to quality, we recognize that business units aim to meet and/or exceed quality requirements of various accrediting and review organizations.

The SPC's quality focus will be on achieving results to meet and surpass these requirements.

Business unit activities will be consistent with principles established at the strategic level.

7. Existing Labor-Management Cooperation Arrangements

These arrangements should be permitted to continue and where possible be enhanced by partnering efforts.

8. Current and Future Business Issues and Plans

The PHT will make every effort to educate and fully brief members of the SPC about current business initiatives, business plans, including executive plans and plans relating to bonds, and the environment in which the PHT currently operates. Opportunity for recommendations will be made available to Partnership participants with respect thereto. Business initiatives or plans, including executive plans and plans relating to bonds, begun following formal establishment of the Partnership will be managed in compliance with the Partnership process outlined in this document and opportunity for recommendations will be made available to Partnership participants before final decisions are made where feasible.

9. Employment Security

There will be no loss of employment to any employee because of participation in a Partnership program at the worksite.

10. Applicability

Articles VII and VIII do not apply to subsections B., 1, 2, 3, 5 and 9 of this Section.

Section 2. Empowerment and Efficiencies

The Union and the Employer recognize that it is in the interest of all parties and the public to ensure the stability, efficiency, and improvement of the Jackson Health System. To that end, upon ratification of this Agreement, the Employer shall provide a maximum of one million dollars (\$1,000,000.00) annually to SEIU for the Registered Nurses, Professionals and Attending Physicians bargaining units to work on ways to achieve these goals (the "Empowerment and Efficiencies Funds"), or, alternatively, and in lieu of the aforementioned and upon mutual agreement, the Employer shall provide no less than 8 FTE paid released employees (total and not "per bargaining unit") selected by the SEIU to work on ways to achieve these goals (or upon mutual agreement, a combination of less than 8 FTE paid released employees and monetary payment to the maximum combined value of one million dollars).

Any expert or consultant hired by the Union shall have access to all SEIU requests for data, financial records (including underlying primary documents), financial analyses, models, computer runs, contracts, billing, audits and other records. The documents shall be provided at no charge. The parties agree to discuss the most cost effective ways to provide information requested. Such experts or consultants shall be provided access to the employer facilities and shall be provided suitable working space at the facility.

The parties expressly agree that an accurate on-going accounting of the one million dollars (\$1,000,000.00) of Empowerment and Efficiencies Funds expenditures will be provided in detail on a quarterly basis. In that regard, beginning January 1, 2022 SEIU will send to the Employer a quarterly accounting of all monies expended and the current balance of the funds. The accounting will include all purchases and/or payments to/from individuals or organizations, with invoices submitted by such individuals or organizations related to the expenditures. The accounting will be provided quarterly to

It is further agreed that if funds are used to pay salaries or stipends to employees of SEIU and/or the PHT, each recipient will detail their activities which must involve direct representational actions on their part on behalf of bargaining unit employees. SEIU will oversee any such payments to ensure these activities comply with the law.
